## INVITATION

Dear Colleagues and friends,

On behalf of the Organizing Committee, it is our proud privilege to invite you to the **6th Annual Conference of the Indian Society of Gastrointestinal and Abdominal Radiology**, to be held at the Postgraduate Institute of Medical Education and Research, Chandigarh from 17th to 19th November 2023. The Indian Society of Gastrointestinal and Abdominal Radiology has entered the 7th year since its inception and we are extremely thankful to all the dynamic office bearers who have taken the society to great heights during this short span.

This conference will address basic as well as advanced imaging topics pertaining to abdominal radiology including hepatopancreatobiliary, gastrointestinal and genitourinary systems. With a host of reputed international and national faculty, It will be an excellent educative experience not only for the radiologists in training, but also for the practising radiologists to refresh the basics and become concurrent with the recent advances in abdominal radiology. In addition to didactic lectures, several interactive case discussions, multidisciplinary panel discussions, dedicated workshops and a grand quiz have been planned. Delegates will also get an opportunity to showcase their research in the form of oral papers and E-posters and compete for exciting prizes.

The venue of the conference is Chandigarh – The City Beautiful which was planned by the famous French architect Le Corbusier. Picturesquely located in the foothills of the Shivalik ranges, the city abounds with wide boulevards, parks and green spaces along with the iconic Rock Garden and tranquil Sukhna Lake. The official emblem of the city is the “Open Hand” which signifies the city’s credo of “open to give, open to receive”.

The organizing committee has planned this conference in the spirit of this credo, and we look forward to your active and enthusiastic participation in this meeting. We assure you a veritable academic feast coupled with the warm hospitality of the people of Chandigarh.

## About Chandigarh

Chandigarh, the City Beautiful, is a modern planned city located in North India. After Partition, the large North western province of Panjab was divided into East & West Panjab with the partition line leaving its erstwhile capital, Lahore in West Panjab. The city of Chandigarh was conceptualized to serve as the capital of East Panjab and was planned by a team of architects headed by the famous French architect, Le Corbusier with its foundation stone laid in 1953. After the reorganisation of states, Chandigarh was designated as a Union Territory and also the shared Capital of the states of Panjab & Haryana.

Picturesquely located in the foothills of the Shivaliks ranges, the city is internationally renowned for its architecture and urban design. The city abounds with tree-lined, wide boulevards, parks and green spaces as well as the tranquil Sukhna Lake. Some of its famous parks are the iconic Rock Garden designed by Nek Chand, the Zakir Rose Garden, Leisure Valley, Bougainville Garden, Shanti Kunj and the Garden of Fragrance.

### **Weather**

Mid-November is the end of autumn and onset of the winter season in Chandigarh. Expect pleasant sunny days with slightly chilly early mornings and late evenings. The temperature usually ranges between highs of 27- 29 and lows of 12-14 degrees centigrade. Delegates are advised to carry light woollens.

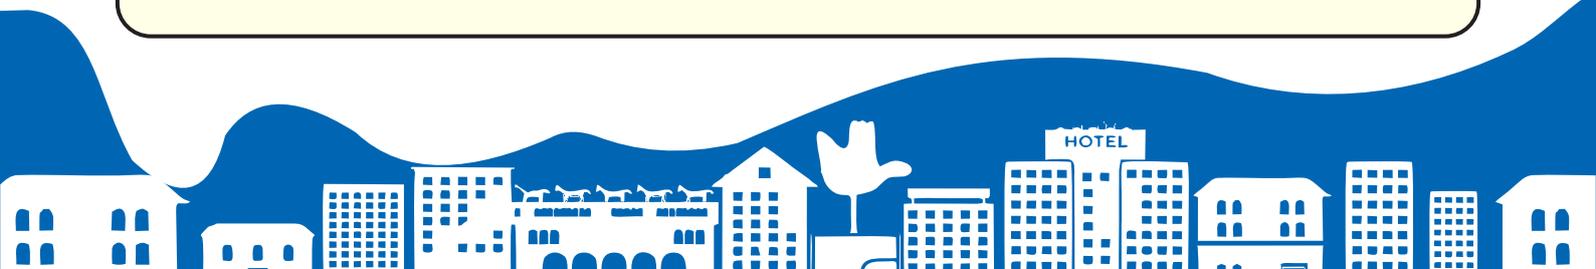

### **Getting to Chandigarh**

Chandigarh is well connected by air, train and road. The Shaheed Bhagat Singh airport is located about 18 kms from PGIMER while the railway station is about 10 kms.

### **Accommodation**

Chandigarh has a number of hotels suitable for all budgets.

**Please contact 0172-2615666 for further information and assistance in booking rooms.**
